## Homeopathic Hospital.

At the bi-monthly meeting of the Woman's Board of Managers of the Homeopathic Hospital of Essex county, 123 Littleton Avenue, Newark, held on Saturday, May 19, at the Newark Public Library, the secretary made the following annual report:

In presenting the second annual report of the Woman's Board of Managers of the Homeopathic Hospital of Essex county, we can say that the past year has been one of much useful work, and comes to an end, full of promise for the future. During the year there have been held four regular board meetings, and the executive committee has met eleven times, once in special session. In October the board decided it would be more advantageous to hold the meetings bi-monthly instead of every three months as was done the first year. In this way all the members of the board would be kept in close touch with the work done by the executive and special committees, and these committees could more often obtain advice and help in their work.

The board has undertaken the support of a free-bed at the hospital, and we hope we may some time be able to extend this work. In order to raise money for this purpose as well as to contribute toward the general support of the hospital, it was decided to try to raise all the funds possible by individual effort instead of by holding a fair, as in the previous year. Although this attempt was not as successful as it was hoped it would be, a goodly sum was collected by the treasurer.

The largest amount of active work has fallen on the bed and linen and the house visiting committees, and these committees under the leadership of most efficient chairmen have carried on their work very successfully.

The bed and linen committee has been organized the longest time, and through this committee the board has sent to the hospital blankets, washcloths and slippers, and many dozens of sheets, pillow-cases, towels, napkins, etc. This committee has been much hampered in its work by the absence of adequate closet room, and it is hoped that, as the hospital grows, there may be proper provision made for storing the supplies.

Under the auspices of the house visiting committee a "donation day" was held at the hospital last November, and many friends testified to their interest in the work. This committee has made regular visits to the hospital, and has reported to the board many accessories which were needed. Through the chairman the board has supplied the hospital with proper cooking utensils, silver, and many other necessary articles. This committee has conferred with the trustees in regard to giving assistance in the management of the hospital, and hopes that through their efforts a sum of \$10,000 of much assistance in this very important branch of the work. Christmas was spent happily by the patients and nurses, and donations were received from many friends.

The board would like and hopes to be able to co-operate more fully with the auxiliary guild, feeling that in the concentration of energies and in the adding of their older experience to the younger enthusiasm very much could be accomplished.

The other committees have carried on their work, and as the hospital grows will have more to do. There have been a number of resignations from the organization which we regret, but many new names have been added to our membership list. Friends have been most kind in remembering our hospital with generous donations, and we hope and trust that, as the work grows, the interest will widen, and that the board may be able to do much useful work, and to lend able assistance to the hospital in its efforts to look forward to the time when the Homeopathic Hospital will be a large and well-managed institution, where all can work together for the good of humanity. Respectfully submitted,

Mrs. Edw. M. Moxley, Secy.  
Mrs. E. G. Grant of Bloomfield,  
Miss J. B. Marks of East Orange,  
Free Committee.

**St. Mary's Hospital Arrives Home.**  
St. Mary's Hospital arrived home last Friday after a successful trip in the South and West. Mr. Maxfield left this town last October and went direct to Naples, on the St. John's river, Florida. He stayed there several weeks, during which time he had some splendid quail and rabbit shooting. He then left for the east coast, arriving in Daytona in time to see the great automobile races there. From here he went further inland to the Indian river and again had some great hunting. In one instance he went hunting with one of the creek shots of Florida, a man who said that he had never been beaten. This day this gentleman got fifteen quail, while "Peb" got the best of him with fifteen quail and one duck. After returning to Naples he went on a ten days' launch trip up the Ochsleben river, the most picturesque river in all the South. This spring Mr. Maxfield sailed his long trip by going west of the Mississippi, traveling all through the States of Arkansas and Missouri. Some of the places of interest that he visited were the Hot Springs in Arkansas and the St. Louis fair grounds.

**Free Scholarship Examination.**  
There will be held a competitive examination for a free scholarship in the New Jersey State College for the benefit of Agriculture and the Mechanic Arts (Rutgers College, New Brunswick, N. J.) at the County Court House (Board of Freeholders' room) in Newark on Saturday, June 2, 1906, beginning promptly at 9 A. M. and continuing until 5 P. M. Candidates will be examined in Algebra, Plane Geometry, Solid Geometry, English Grammar and Literature, United States History, Chemistry, and Physics. Any correspondence relative to the examination may be addressed to the Registrar or to the President of the College.  
A. B. MANZONI,  
St. County Superintendent.

## Garbage Collection.

A systematic collection of ashes and garbage, a problem that has been a source of great annoyance and the cause of large expense to the people of Montclair, says the Times of that town, "is now in process of solution. And it is to be hoped that not many days will be allowed to pass before a satisfactory plan is in operation. At the meeting of the Town Council on Monday evening, on Mr. Crawford's motion, the Committee on Roads and Sewers were authorized to enter into a contract for the collection of ashes and garbage at a price of \$10,000 per year, from June 1 to January 1, 1907. The sum of \$7,000 will be taken from this year's tax levy to pay for the work to January 1. Hereafter householders had to pay private collectors for the gathering of the waste material, which was generally done in an unsatisfactory and oftentimes unsanitary manner. But in future all cost will be borne by the town.

The collection of the ashes and garbage will be under the supervision of the Committee on Roads and Sewers, of which Councilman Henry V. Crawford is chairman. The Board of Health will not have any part in it, as in other years. Collection will be made daily in summer from the Bloomfield Avenue district, which includes the stores and the Montclair Hospital, and three times each week in the winter. From the residential district the collector will call three times per week in the months of June, July, August and September, and the other eight months two times each week. Ashes will be taken away twice a week from October to March, and once a week the remainder of the year.

All collections will be made from receptacles in the rear of the houses. No garbage or ash cans will be allowed on the streets. Those people who want the ashes to carry their ashes from the cellar can have that service by paying twenty-five cents per month in the summer season and fifty cents during the eight months of the winter. All garbage must be placed in receptacles at the rear of the houses.

A contract for the gathering of the waste material has been awarded to F. W. Gibbs, the lowest bidder, who will have at his command four or five carts and two double wagons. The ashes will be used for filling purposes and the garbage will be buried.

Bids were asked from several contractors without the formality of advertising, on account of the lack of time before the hot season. There was a great difference in the sums asked by the contractors. While the price at which the contract was awarded is not stated, three other bids were received by the committee for \$12,000, \$15,000 and \$28,300 respectively.

**PROTECT YOUR SECURITY AND VALUABLE PAPERS AGAINST FIRE AND BURGLARS** by renting a box in the Safe Deposit Vaults of The Bloomfield National Bank. Boxes to rent at \$4.00 per year and upwards—Advt.

## ORDINANCE.

An ordinance to provide for the construction of a sidewalk on the northwesterly side of Bloomfield Avenue.  
The Council of the Town of Bloomfield, in the County of Essex, do ordain as follows:  
Section 1. That a blue stone flag sidewalk four feet wide be constructed and laid on the northwesterly side of Bloomfield Avenue, beginning at the intersection of the same with the southeasterly side of Broad Street, and from there running southeasterly along the northwesterly side of Bloomfield Avenue about the right of way of the Watchman Railroad, and ending there.  
Section 2. That said blue stone flagging shall be laid at the grade established for said sidewalk in the case of said railroad.  
Section 3. That said blue stone flag sidewalk shall be constructed and laid under the supervision of the Town Clerk.  
Section 4. When completed shall be assessed upon the property abutting on said sidewalk northwesterly side of Bloomfield Avenue along the line of the proposed improvement, as provided by law.  
Adopted May 21, 1906.  
GEORGE FISHER, Mayor.

## ORDINANCE.

An ordinance to amend an ordinance entitled "An ordinance relating to licensing of peddlers or rag pickers." Be it ordained by the Town Council of the Town of Bloomfield that section 5 of the ordinance to which this ordinance is amendatory shall hereafter read as follows:  
Section 5. Each and every person who licensed as a peddler shall pay to the Town Clerk for such license the sum of five (5) dollars for use of the town on the licensing of the license, which shall be paid to the Town Clerk at the time said license is issued, and if said license is not returned within three months after the expiration of said license, said five cents shall be forfeited and retained by the town.  
And that each wagon or cart shall have the name and address of the owner painted legibly on the same, the letters to be not less than one inch in length.  
Adopted May 21, 1906.  
GEORGE FISHER, Mayor.

## ORDINANCE.

An ordinance to construct an eight-inch vitrified earthen pipe sewer in the center line of Glenwood Avenue at the center line of Glenwood Avenue, beginning at the intersection of Glenwood Avenue and Liberty Avenue, thence southeasterly along the center line of Glenwood Avenue about seven hundred feet to the dividing line between the Town of Bloomfield and the City of East Orange, and ending there. To be an eight-inch vitrified earthen pipe sewer and to have all necessary man holes, Y branches and other appurtenances of a sewer.  
Section 2. That all expense and cost of said improvement, when completed, shall be assessed and paid as directed by law.  
Adopted May 21, 1906.  
GEORGE FISHER, Mayor.

## ORDINANCE.

Attest: W. L. JOHNSON, Town Clerk.

## THE LAST VESTICE

The blacking brush must now go the way of all old fashioned household utensils. It is a breeder of microbes, and consequently in well regulated households should become a thing of the past. The gas range makes this possible, for it needs no blacking. A soft, oiled cloth keeps it in good condition. Order a range to-day. Prices \$9.50 to \$15.00. \$2.00 down; \$2.00 a month. Connections Free.
